

## GESD Fact Sheet for Hurricane Season

<b>Business Continuity Plan (BCP)</b>	<p>NFC's concept of operations is to deploy a limited staff in advance of known disaster events in order to provide continued service to our customers, although at a minimum service level during the disaster event. Our plan calls for us to deploy employees to the Alternate Work Site (AWS) prior to closure of the NFC facility. The deployed staff will assume operational responsibilities (simultaneously with the closure of the NFC facility) and will perform limited services until either full deployment to the AWS is required or reconstitution of operations back at the NFC facility is accomplished.</p>	
<b>Customer Communications Model</b>	<p>GESD will utilize the following methods to communicate with our customers during potential threats and activation of the NFC's Continuity of Operations Plan (COOP) and GESD BCP:</p> <ul style="list-style-type: none"> <li>• <b>Regular conference calls</b> - NFC will hold regular conference calls (using a central call in number with published pass code) with its customers or others, as needed, to regularly address issues and make/communicate decisions on operational statuses.</li> <li>• <b>Town Hall meetings/web casts</b> - NFC will hold "electronic" town hall meetings through a web cast process, as appropriate.</li> <li>• <b>Message lines</b> - All message lines maintained by NFC (i.e., Inquiry lines, Operations and Security Center, Emergency numbers, etc.) will be updated with operational status information and any critical instructions.</li> <li>• <b>WEB</b> - NFC's Home Page (<a href="https://www.nfc.usda.gov">https://www.nfc.usda.gov</a>) will be updated with operational status information and any critical instructions.</li> <li>• <b>Public media</b> - NFC will release information to the local and Washington, D.C. press on the status of its operations, as appropriate.</li> <li>• <b>Email notification</b> - NFC will submit information to subscribed customers through our email subscription service.</li> </ul>	
<b>Service Level Model</b>	<p>During hurricane threats, our clients can expect to receive reduced service levels while GESD business units are minimally staffed at the AWS, i.e., after shutdown of the NFC facility at approximately –30 hours prior to expected storm landfall and until we are able to return to normal operations once the threat has passed. The number of employees scheduled to deploy to the AWS during pre-threat hours is limited to the minimum number needed to effectively perform essential services for our clients. During this interim period, all GESD inquiry phone lines will be transferred to the AWS, with incoming calls being handled by our reduced AWS staff. Our customers will continue to use existing lockbox, P.O. Box and regular mail addresses until instructed to do otherwise.</p>	
<p>The expected level for all other services provided by our business units is described below:</p>		
<b>Client Management</b>	<i>Minimal AWS Staffing:</i>	<ul style="list-style-type: none"> <li>• Continue as NFC's point of contact for all GESD systems and services representing customer issues and concerns to other NFC organizations during recovery of all services.</li> <li>• Deploy with current customer contact information and monitor/report on operational activities and issues.</li> </ul>
	<i>Full AWS Staffing - Provide additional services:</i>	<ul style="list-style-type: none"> <li>• Begin an aggressive campaign to contact all NFC customers.</li> <li>• Provide updated contact information, as appropriate, to customer contacts.</li> <li>• Continue public relations and communications activities that provide COOP status, system application status, operational status, special processing instructions, etc.</li> <li>• Continue to coordinate and represent NFC on various customer workgroups and committees, such as CAPPs.</li> <li>• Maintain liaison with user Agencies for the resolution of unique inquiries, particularly those that cross over organizational boundaries within NFC.</li> <li>• Work with other NFC organizations to assist users in identifying and resolving problems, monitoring system performance, and ensuring correct operation.</li> <li>• Participate in Government and non-Government meetings and conferences to gather and provide information on available services, and evaluate the level of user satisfaction to both NFC provided and non-NFC provided services.</li> <li>• Support all expanded operations due to COOP.</li> </ul>

## GESD Fact Sheet for Hurricane Season

<b>Customer Testing</b>	<i>Minimal AWS Staffing:</i>	<ul style="list-style-type: none"> <li>Provide the necessary level of service to continue customer acceptance testing.</li> </ul>
	<i>Full AWS Staffing - Provide additional services:</i>	<ul style="list-style-type: none"> <li>Provide full level of service to complete customer acceptance testing.</li> </ul>
<b>Debt Management Services</b>	Agencies continue to use Requester Console, email (NFCContaktCenter@nfc.usda.gov), and continue to call the NFC Contact Center inquiry line 1-855-NFC-4GOV (1-855-632-4468).	
	<i>Minimal AWS Staffing:</i>	<ul style="list-style-type: none"> <li>Answer Tier 1 and 2 inquiries relating to ABCO and ABCO Claims Reporting.</li> <li>Provide regular debt management and claims services.</li> </ul>
	<i>Full AWS Staffing - Provide additional services:</i>	<ul style="list-style-type: none"> <li>Answer Tier 1, 2 and 3 inquiries relating to ABCO and ABCO Claims Reporting.</li> <li>Process collections.</li> </ul>
