

CULP0053, T&A Error Analysis Report

April 23, 2025 Reference Number: NFC-1738164548

Dear Customer,

Each pay period, the National Finance Center (NFC) makes the CULP0053, T&A Error Analysis Report available to our customer Agencies. The report is generated for our Agencies each time we run a Time and Attendance Validation System (TIME) job to update incoming T&A's. One of the benefits of utilizing the information provided in the CULP0053 Report is to increase your awareness of the need to process personnel actions timely and the importance of submitting complete and accurate T&A data, which would eliminate errors and increase efficiency of your payroll processing.

In addition, we encourage Agencies to use this information to enhance any T&A frontend systems/edits that you are currently using to eliminate common errors, lead to fewer rejected T&A's, and result in a more efficient and cost-effective payroll processing cycle.

| Error Code | TIME Edit Error Message | Required Agency Action |
|---------------|--|--|
| 144 | Unexplained Split T/A or Status Change | Code the status start and end dates to match the date on the personnel action. |
| 181 | Incorrect leave accrual for full time employee | Be aware of any non-pay hours that would impact employee's leave accrual; and be aware of whether the employee worked a full tour in his/her final pay period. |

Below are a few common TIME errors and the proactive Agency actions.

| Error Code | TIME Edit Error Message | Required Agency Action |

The CULP0053 Report is available on the Reporting Center under Administrative reports after each pass of TIME.
