Upcoming Events

Payment Acceleration and Cloud Migration

The FMS migration to a cloud provider is on schedule for a November 14th implementation. We wanted to follow up with some additional information regarding the plan.

1. We will accelerate invoice payments for the Monday, November 7th disbursing run from the current 15 days to 22 days so that all vendor payments which are scheduled through November 30th are paid.
2. The last nightly processing cycle in the current environment will take place for business as of November 7th. This processing runs the evening of 7th into the morning of the 8th.
3. The FMMI production system will be unavailable beginning Tuesday, November 8th at 6:00 p.m. CT through Monday, November 14th at 5:00 a.m. CT. This means that:

1. All PI channels will be stopped.
2. NO interface processing will take place.
3. FMMI will be inaccessible to all users.
4. The FMMI Dropbox will remain available after the shutdown for agencies to continue transmitting their interface files. FMS will handle the transmission of files to the cloud Dropbox for processing.

For inquiries, contact the Financial Management Services Center at fmsc.help@usda.gov

FMMI Cloud Migration Security Update

In preparation for the FMMI Cloud Migration, the FMS Central Security Team plans to close GRC for receipt of any new FMMI GRC requests at 6:00 pm CT on October 31, 2016. (This means locking GRC requestors from entering any new requests).

Once all requestors are locked, GRC stakeholders (FMS Central Security, Agency Role Approvers and Security Admins) will be given time to complete approvals of all GRC requests in their respective queues by 6:00 pm CT on November 4, 2016.

****Any GRC requests that are not approved will be cancelled by Central Security and will require resubmission after go-live.****

The Central Security Team will continue to keep you informed as we move through the FMMI Cloud Migration process.

For inquiries, contact the Financial Management Services Center at fmsc.help@usda.gov.

FMMI Cloud Migration Updates & Key Dates

As many of you know, the OCFO is in the process of migrating the current FMMI infrastructure to a cloud environment. The technical teams continue to work diligently around the clock to ensure a smooth migration. In order to prepare for the migration, please take note of a few key dates identified below.

****KEY DATES****

- **System Freeze Period – starting midnight CT *October 17th through 5:00 am CT November 14th*– The freeze period will freeze all changes to the FMMI production systems (except for mission critical corrections as directed by OCFO senior management) during this period to allow for a stable. During the freeze period, the technical teams will continue to work through issues and test fixes to issues, however, these fixes will be queued for release after the cutover starting November 14th.**

- System Outage – starting *November 8th at 6:00 pm CT through 5:00 am November 14th*. During this time the production system will be completely unavailable to ensure maximum focus from the support team and network resources for the cutover.
- GRC will close for receipt of any new FMMI GRC requests at *6:00 pm CT on October 31, 2016*, this means locking GRC requestors from entering any new requests.
- GRC stakeholders (FMS Central Security, Agency Role Approvers and Security Admins) will be given time to complete approvals of all GRC requests in their respective queues by *6:00 pm CT on November 4, 2016*.

****Any GRC requests that are not approved will be cancelled by Central Security and will require resubmission after go-live.****

We intend to send daily notifications with a status of the cutover Starting on November 7th through November 14th to ensure situational awareness.
