

United States Department of Agriculture Financial Management Notification

FMMI System Status

Wednesday, November 09, 2016, 8:30 a.m.

Current

- FMMI (ECC/Portal) is up and available
- Adobe forms are available for use
- PI channels are open
- Please refer to the FMS Client Services page for the [FMMI Processing Calendar](#)

Known Issues

Status Update: FMMI BI System (PB7)

We're continuing to work through the current issues impacting ULO and BI Spending Detail updates. The Technical team is working closely with SAP to resolve the problem. A notification will be sent out as soon as both ULO and BI Spending Detail are updated.

We apologize for the inconvenience.

For inquiries, contact your agency's Customer Account Manager or the Financial Management Services Center at fmsc.help@usda.gov.

Upcoming Events

UPDATE: FMMI Cloud Migration and the ConcurGov Interface

On last Friday 10/28 we introduced the possibility of sliding the FMMI Cloud Migration to the right 2 days. Based on input from our Agencies and in concurrence with our CFO's and technical team it was clear that a 2 day shift in the schedule was the most prudent decision for all concerned.

Therefore, the FMMI production system will be unavailable beginning Thursday, November 10th at 6:00 p.m. CT through Wednesday, November 16th at 5:00 a.m. CT. The last disbursing cycle prior to the outage, which includes the TDY advance and voucher payments, will be on the evening of Wednesday, November 9th. Please be aware that even though the payments have been disbursed, ConcurGov will still reflect a voucher status of "Voucher Received". When FMS executes Treasury confirmation on

Wednesday, November 16th, the document stamp will be changed to "PAID" and any supplemental voucher processing may occur.

ConcurGov will be available to travelers during the FMMI outage for authorization and voucher processing. The interface between ConcurGov and FMMI will not be available. This means that all transactions created during the outage will be posted in FMMI after the cloud migration. Ticketing of scheduled trips will still occur as approval of an authorization within ConcurGov triggers the ticket process.

For inquiries, contact the Financial Management Services at fmsc.help@usda.gov.

Update: Payment Acceleration and Cloud Migration

November 2, 2016

On last Friday 10/28 we introduced the possibility of sliding the FMMI Cloud Migration to the right 2 days. Based on input from our Agencies and in concurrence with our CFO's and technical team it was clear that a 2 day shift in the schedule was the most prudent decision for all concerned.

We wanted to follow up with some additional information regarding the revised plan.

1. We will accelerate invoice payments for the Wednesday, November 9th disbursing run from the current 15 days to 22 days so that all vendor payments which are scheduled through December 2nd are paid.
2. The last nightly processing cycle in the current environment will take place for business as of November 9th. This processing runs the evening of 9th into the morning of the 10th.
3. The FMMI production system will be unavailable beginning Thursday, November 10th at 6 p.m. CT through Wednesday, November 16th at 5 a.m. CT. This means that:
 - All PI channels will be stopped.
 - NO interface processing will take place.
 - FMMI will be inaccessible to all users.
 - The FMMI Dropbox will remain available after the shutdown for agencies to continue transmitting their interface files. FMS will handle the transmission of files to the cloud Dropbox for processing.

For inquiries, contact the Financial Management Services Center at fmsc.help@usda.gov.

FMMI Cloud Migration Security Update

In preparation for the FMMI Cloud Migration, the FMS Central Security Team plans to close GRC for receipt of any new FMMI GRC requests at 6:00 pm CT on October 31, 2016. (This means locking GRC requestors from entering any new requests).

Once all requestors are locked, GRC stakeholders (FMS Central Security, Agency Role Approvers and Security Admins) will be given time to complete approvals of all GRC requests in their respective queues by 6:00 pm CT on November 4, 2016.

****Any GRC requests that are not approved will be cancelled by Central Security and will require resubmission after go-live.****

The Central Security Team will continue to keep you informed as we move through the FMMI Cloud Migration process.

For inquiries, contact the Financial Management Services Center at fmsc.help@usda.gov.

FMMI Cloud Migration Updates & Key Dates

November 7, 2016

Just a quick update on the FMMI Cloud Migration.

We held a pre-Go/NoGo meeting today and as of right now we are still a GO. We will hold a Final Go/NoGo meeting on 11/9/16 and will send out a subsequent notification. We want to thank all of our customers for their feedback and patience throughout this process. Please take note of the Key Dates for the FMMI Cloud Migration below.

****KEY DATES as of 11/01/2016****

- System Freeze Period – starting midnight CT *October 17th through 5:00 a.m. CT November 16th* – The freeze period will freeze all changes to the FMMI production systems (except for mission critical corrections as directed by OCFO senior management) during this period to allow for a stable environment. During the freeze period, the technical teams will continue to work through issues and test fixes to issues, however, these fixes will be queued for release after the cutover starting November 16th.
- System Outage – starting ***November 10th at 6:00 p.m. CT through 5:00 a.m. November 16th*** - During this time the production system will be completely unavailable to ensure maximum focus from the support team and network resources for the cutover.
- GRC
 - GRC will close for receipt of any new FMMI GRC requests at *6:00 p.m. CT on October 31, 2016*. This means locking GRC requestors from entering any new requests.
 - GRC stakeholders (FMS Central Security, Agency Role Approvers and Security Admins) will be given time to complete approvals of all GRC requests in their respective queues by *6:00 p.m. CT on November 4, 2016*.

****Any GRC requests that are not approved will be cancelled by Central Security and will require resubmission after go-live.****

We intend to send daily notifications with a status of the cutover Starting on **November 9th through November 16th** to ensure sufficient situational awareness for all of our customers.

For inquiries, contact the Financial Management Services Center at fmsc.help@usda.govAccounts Payable (Disbursements)

- Next Run Date: Thursday, November 10, 2016, 12:01 a.m. MT
- Next Payment Date: Friday, November 11, 2016
