Minutes

1. **BI** – HANA ULO Report latest update. BI team is testing the 2 proposed solutions that are now in QA. We will continue to keep you posted as updates become available.

2. **Security –** Melissa reported the DATA Act Dashboard is complete; a list of users has been provisioned RMA, OCE, ARS, and OCFO-TARD.

   a. FSA – Who is the audience expected to have access to the Dashboard?

      i. The DATA Act Dashboard access in FMMI would be of benefit to anyone that works on DATA Act files or has any oversight authority over a Treasury Account.
      ii. Also, it would be beneficial for any user that may have some internal control or audit role within a Business Area. This would provide an overview of compliance within an area of interest.

   b. *See Below* - **DATA Act Dashboard Role Descriptions**

3. **Open Discussion –** No comments or concerns.

- O&M Recaps are posted to the FMS website

DATA Act Dashboard Role

1. *Role Description*

The DATA Act Dashboard role provides visibility to DATA Act data on the dashboard. The access can be granted to a single, multiple or ALL Business Areas. A Business Area represents a USDA agency or Federal Shared Services Customer

2. *Activities Performed*

It provides access to Dashboard metrics at a Summary and individual file level [File A (Appropriations), File B (Program Activity and Budget Object Class), File C (Award Financials by PIID/FAIN), File D2 (Award Attributes)]. The metrics are

- Fatal, Non-Fatal or Clean records

- Total and submitted record counts
- Age fatal errors
- Provide counts on key statistics like Treasury Symbols, Procurement ID Number, Financial Assistance Number, Program Activity and Budget Object Class

3. *Role Criticality (High, Medium, Low)*

   The criticality of this role is Medium. Without this role agencies users will not be able to measure DATA Act compliance

4. *Magnitude of Change (High, Medium, Low)*

   The magnitude of change for this role is medium. This a new role that was created strictly for use by DATA Act Compliance Dashboard. Please note these roles are not applicable to DATA Act reports

5. *Data Sensitivity Considerations*

   All clean and submitted DATA Act data is publicly available. This role was created to secure visibility to errors and compliance by an agency

6. *Integration with other Roles*

7. *Technical Role: Z0000DDDAD:ES_DATAACT_DASH*   *NHB: DATA ACT Dashboard*
