

### FMS CPAIS Real Property Release Results Requests for Change (RFC) – June 8, 2018 (Scheduled)

All CRs were implemented successfully unless otherwise noted.

Change Request (RFC)	Description	Agency	Release Results
33262	Increase the Subledger field to 50 positions. As a result, users will not receive an error or a subledger screen when attempting to query records with statuses greater than 34 characters.	All	
32399	Create a role for Forest Service (FS) to utilize the information in Corporate Property Automated Information System Real Property (CPAIS RP) for Housing and Urban Development (HUD) reporting. This change will allow users to query property records, but only enter or modify the HUD form for specific data. No actual property record data can be entered or modified.	All	
32694	Update the Disposal Hold Expiration Date field to display a date, which is the Published Date + 30 days. This will change properties that are suitable and available from having a 60 day holding period.	All	

### FMS CPAIS Real Property Release Results Action Items (AI) – June 8, 2018 (Scheduled)

All CRs were implemented successfully unless otherwise noted.

Change Request (AI)	Description	Agency	Release Results
