

FORMS

Maintain Property Records Form

- **Additions**

- **All Asset tabs/Acquisition Subtab**

- Total Capitalized Value and Total Accumulated Depreciation fields to the Acquisition Sub tab.

- **Other Structures and Facilities Tab**

- Several Forest Service Structure Type Categories were missing from the CPAIS LOV. These have been added to the LOV.

- **Changes**

- **Buildings Tab**

- The available UOM LOV values are based on the Space Usage value.
 - For Owned and Otherwise Manged buildings, the Total Space SqFt field equals the sum of all entries in the Floor/Room Usage Block where the UOM equals "SF".
 - Utilization tab - The Personnel Count field in the Usable Space Allocation block is autopopulated with the No. of Personnel field value found in the Utilization block for OFFICE buildings.

Owned Property Form

- **Additions**

- **All Asset tabs/Acquisition Subtab**

- Total Capitalized Value and Total Accumulated Depreciation fields to the Acquisition Sub tab.

- **Other Structures and Facilities Tab**

- Several Forest Service Structure Type Categories were missing from the CPAIS LOV. These have been added to the LOV.

- **Changes**

- **Buildings Tab**

- The available UOM LOV values are based on the Space Usage value.

- For Owned and Otherwise Manged buildings, the Total Space SqFt field equals the sum of all entries in the Floor/Room Usage Block where the UOM equals "SF".
- Utilization tab - The Personnel Count field in the Usable Space Allocation block is autopopulated with the No. of Personnel field value found in the Utilization block for OFFICE buildings.

Installation Tab

- Only assets with Status values of EXISTING% are included in the calculations for the summary fields on the Property Counts Block fields.

Explorer Property Form

- **Additions**

Buildings Tab

- The Usable Space Allocation fields were added.

Other Structures and Facilities Tab

- Several Forest Service Structure Type Categories were missing from the CPAIS LOV. These have been added to the LOV.

- **Changes**

Buildings Tab

- The available UOM LOV values are based on the Space Usage value.
- For Owned and Otherwise Manged buildings, the Total Space SqFt field equals the sum of all entries in the Floor/Room Usage Block where the UOM equals "SF".

FMP FORM

- **Additions**

- Long-term Planning Status field was added.

- **Changes**

- Specified logic is used to populate the Facilities Condition Rating field.
- Forest Servi ce Buildings linked to a Dev Rec Site are displayed.

- **Removals**

- Restrictions button removed.

Assign Property to Installation Sites Form

- **Additions**

- Query criteria modified to limit Forest Service records autoqueried. Record must have a value of Qualified in the FRPP_Qualified field.

- **Changes**

- The form is populated with Property Type = USDA OWNED, USDA LEASED, STATE OWNED and FOREIGN OWNED; Status of EXISTING% and DISPOSED; and are missing an Installation Site record link.
- Query is not limited to records where rte_cn is null.

Unassign Property From Installation Sites Form

- **Additions**

- Installations Tab**

- Rows were added to display more assets in the bottom block.

Explorer: FRPP Assets Form

- **Changes**

- The Disposition Value, GEO Location, Historical Status, Outgrant Indicator, Total Acres and Utilization % fields are now queryable fields.

Mission Dependency Form

- **Changes**

- Misspellings/mistakes and overwritten text corrected.
- Answer fields are not defaulted when Mission Dependency field is null.
- Answers to the four questions are user entered and the Mission Dependency value is derived based on the current formula.
- The Mission Dependency field cannot be manually updated on any form where the field is found.
- All bold formatting are off of questions/sub questions text.
- The font size and bolding is consistent between both tabs. Only the titles are bold.

- **Removals**

- The dropdown arrow to the right of the Mission Dependency field was removed.

Subledger Form

- **Additions**

- Status (with LOV), Property Type (with LOV), Cap Value, Accumulated Depreciation and Subledger Status (with LOV) were added to the Subledger form/Subledger block.
- All fields in the Subledger block are available for query criteria when the form is in query mode.

Status History Form

- **Changes**

- A pop-up message displays to confirm the save of FRPP reported assets with a Status of Disposed and Property Type of either USDA OWNED, USDA LEASED, STATE OWNED or FOREIGN OWNED.
