Change Request – Action Item (AI)	Description	Agency/Requestor
32313	Modify the CPAIS-Personal Property (CPAIS-PP) Accept/Reject Transfers form to force all field entries to uppercase when executing a query.	ALL
33381	Correct the number format on the Staging form to ensure accuracy on the Acquisition Amount fields (block the receipt, outstanding, and estimated unit cost).	ALL
33406	Prevent the display of a lookup error on the Property records Budget Object Code (BOC) name by using the service date against the start date with a ">=". Also, prevent system errors on Non-Traditional asset records by populating the current op_status for Mass transfers.	ALL
33408	Update the code on the CPAIS-Personal Property (CPAIS-PP) Split Staging form to allow the correct split asset calculation to be displayed. Also, update the quantity field to accurately display the correct lines of accounting.	ALL
33410	Modify CPAIS-Personal Property (CPAIS-PP) Split Staging Record to set the error indicator to 'N' when creating new records.	ALL
33432	Modify CPAIS-PP to reverse the accounting code if the split is cancelled before assets are created. This will prevent reversals (splits) from being sent to FMMI and assets created will not revert to the original stage record.	ALL
33578	Remove the access error message received on the Maintain APO Details Form. Users' access will be checked when an action is performed such as select, insert, or edit.	ALL
