All CRs were implemented successfully unless otherwise noted.

Enhancement	Description	Agency	Release Results
ENHC0010054	Enable functionality for APHIS AGMOs to edit and delete notes on an agreement by updating the configuration for the notes block. Currently, APHIS AGMOs can only add notes to an agreement.	APHIS	01/10/2020
ENHC0010056	Enable functionality to withdraw claims in PEGA rather than submitting to the signatory official for rejection.	ALL	01/10/2020
ENHC0010057	Enable functionality to withdraw repayments in PEGA rather than submitting to the signatory/certifying official for rejection.	ALL	01/10/2020
ENHC0010058	Implement filtering and sorting on search result columns in PEGA. This applies to search results for opportunities, applications, agreements, amendments, reports, and claims.	ALL	01/10/2020
ENHC0010169	Enable the repayments functionality in CRM for AMS, APHIS, FAS, and OPPE.	AMS, APHIS, FAS, OPPE	01/10/2020
ENHC0010170	Prevent editing of the Program ID, Agency, Service Organization, and Sales Organization fields on a program in CRM after it is created and saved.	ALL	01/10/2020
ENHC0010177	Modify the NRCS claim workflow to route claims approved in the external portal (PEGA) to the Grants Specialist in 'In Progress' status. After the GS approves, the claim will then go to the Program Manager for approval in non-editable 'Routed for Approval' status.	NRCS	01/10/2020

Defect	Description	Agency	Release Results
DFCT0010077	Ensure justification objects that are in 'Routed for Approval' status are non-editable. Currently, users are editing justifications in this status, which is causing the workflow to fail.	NRCS	01/10/2020
