

Insight Features

Insight provides a consolidated data warehouse with advanced business intelligence and reporting capabilities that support a wide range of business needs.

The benefits of Insight's key features include:

- Intuitive dashboards with drill- down analysis capabilities
- Standard common reports and the ability to create Agency-specific reports
- Multiple export options to transfer reports into workable files
- Secure access based on user
- End-to-end reporting in a single, integrated system
- Easy-to-use interface with intuitive drag-and-drop functionality
- Ad hoc reports and dashboards that can be tailored for Agency-specific reporting
- Access to Government-wide standard reports and dashboards for compliance, operational, managerial, and executive reporting

Supported Browsers

Insight is a Web-based application that can be accessed by logging in through a Web browser. As a USDA/NFC application, Insight supports using:

- ✓ Microsoft Edge
- ✓ Mozilla Firefox
- ✓ Apple Safari
- ✓ Google Chrome

Security

Security is paramount to NFC. Various processes are used to protect the integrity of the data and the identity of the users, and eliminate the risk of outside penetration.

Requests for Access

To access Insight, you must have authorized security clearance. Users must request access through their Agency's security officer.

Online Resources

Procedure manuals and associated documentation are available on the NFC System Documentation Page (<https://help.nfc.usda.gov/>).
